XI International scientific and methodological conference of young scientists
“Innovative technologies in the system of professional development of physical education and sports specialists”

Dear colleagues!

Sumy State University invites you to participate in the XI International Scientific and Methodological Conference "Innovative Technologies in the System of Professional Development for Physical Education and Sports Specialists," which will take place on **November 19-20, 2026**.

Areas of focus:

- 1) modernization of the physical education system in higher education institutions;
- 2) information technologies in the system of professional development for physical education and sports specialists;
- 3) improving the quality of education in the physical education and sports system;
- 4) modern technologies for teaching children to swim;
- 5) promoting a healthy lifestyle among student youth;
- 6) socio-economic and regulatory foundations for the professional development of physical education and sports specialists;
- 7) health improvement, physical therapy, and motor recreation for various population groups.

The working languages of the conference are Ukrainian, English, and Polish. The organizers recommend submitting abstracts in English.

It is planned to publish the conference abstracts in an electronic format.

To participate in the conference, please, submit an application and abstracts to the organizing committee by October 18, 2026, via email at kfv@sport.sumdu.edu.ua.

The file name should include the author's surname and the number of the desired conference focus area (*Example: Petrenko 3*).

Academic Integrity and the Use of AI. Submitted materials must comply with the Law of Ukraine “On Academic Integrity” dated 18 December 2025, No. 4742-IX. Artificial intelligence tools may be used solely as an auxiliary means, provided that the name of the tool, the purpose, and the extent of its use are clearly disclosed. Authors bear full responsibility for the originality of the text, the reliability of the data, the accuracy of references, and the absence of plagiarism, fabrication, and falsification. Materials generated entirely by AI without substantive authorial review and revision will not be accepted.

Participation in the conference is free. A certificate is provided

TITLE OF ABSTRACT

Surname, initials of the author; academic degree, academic title,
name of the organization, e-mail

The abstract text should be prepared in Microsoft Word on A5-sized pages.

Margins: 16 mm (on all sides).

Font: Times New Roman Cyr, size: 12 pt.

Line spacing: single. **Paragraph indentation:** 0.5 cm. Text alignment: justified.

Abstract length: **2–4 full pages**.

The abstract should be formatted according to the following requirements:

First line: **TITLE OF THE ABSTRACT** in uppercase, centered, bold font.

Second line (with a line break): centered, author's surname and initials; academic title (no more than two authors).

Third line: centered, full name of the organization (in italics).

Fourth line: centered, author's email address (in italics).

Then, after one blank line, the full text of the abstract should be printed, including the following mandatory elements, which should be highlighted in bold: **Introduction**,

Objective of the Study, **Main Body**, **Conclusions**, **References** (from the last 5 years, no more than 3 sources).

The list of references should be formatted according to the bibliographic description rules of DSTU 8302:2015.

An author can submit no more than two abstracts.

The materials will be checked for plagiarism.

Requirements for Figures and Tables

Figures should be clear with a high degree of contrast, preferably black-and-white considering the subsequent copying process during printing. Figures should be centered. Each figure must be numbered and captioned, with the caption centered. The format for captions is "Figure 1 – Title of the Figure." Figures created using Microsoft Word must be grouped.

Table titles should be placed at the top and centered. The format for titles is "Table 1 – Title of the Table." References in the text should be cited in square brackets [2, 32]. The first number indicates the reference list number in the order of appearance in the text, and the second number, after the comma, corresponds to the page number.

APPLICATION

for participation in the XI International Scientific and Methodological Conference of Young Scientists
“Innovative Technologies in the System of Professional Development of Physical Education and Sports Specialists”

(November 19–20, 2026, Sumy)
